

Effective accountancy and
financial management solutions

For Wakefield's small and medium enterprises

Do you want an accountant
who can help you create
beans rather than just
count them?

At CGA you'll find no-nonsense, down to earth and above all practical, realistic approaches to help you push your business forward and increase profitability - especially in the current tough economic climate - all under one roof.

How are we different?

We do not charge you based on time taken, in fact we do not even keep timesheets, we agree a fee with you up-front, and promise this is all you will pay.

We are so confident that you will benefit from our services we will guarantee this - if you are not entirely happy with our services, we will provide a full refund

We tailor our services to our customers rather than the other way around.

We aim to get back to the purpose accountancy was invented for - to analyse your figures and help make decisions and solve problems, not simply number crunching!

What can we do for you?

Business plans

Every business needs to have clearly defined objectives in order to succeed long-term, we can help you to outline and document these.

Accounts

We can complete your statutory accounts for which we have several pricing packages depending upon how much involvement you want from us in helping you meet your business objectives.

Bookkeeping

VAT Returns, Direct Debit management, Sales invoice processing and debtors chasing, Purchase invoice and payment processing are just some of the things we can provide to lighten your administrative burden!

“We’d love to come and talk to you, and whatever your needs, we can promise a personal Yorkshire service”

Management accounts and forecasts

Focussed on driving your business forward and how we can work together to achieve this by measuring your key performance indicators and overall business performance

Payroll services

In addition to all the standard payroll services you would expect we can offer electronic payslips, BACS payment processing, contracts of employment, holiday entitlement tracking, tax efficient salary sacrifice and general employment advice

All our customers are different, so we don't try to force a 'one size fits all' service. We can help you as much, or as little as you like.
